

Installathon

Throughout the Software Architectures course, we will use the applications below in exercise sessions.

Please make sure to download the correct versions of each application that is compatible with your computer.

1. [JDK 8 \(8u251\)](#), download the **Installer** version.
2. [JDK 16](#), download the **Installer** version.
3. [NetBeans 12.4](#), download the **Installer** version.
4. [MySQL Installer](#)
5. [MySQL \(Connector/J driver\)](#)

Do you prefer to watch or to read?

We have videos on YouTube;

- [for Mac OS \(Big Sur, 11.0\)](#), and
- [for Windows 10](#).

We also prepared step-by-step tutorials;

- for Mac OS (Big Sur, 11.0), read [Installathon MacOS.PDF](#) file;
- for Windows 10, read [Installathon Windows.PDF](#).
